Important News Regarding Your Faxes from Ingenix

Dear Ingenix Customer:

The state of California has recently issued new rules that could affect the way you receive information by fax from Ingenix. **In light of the new California fax law, our policy states that Ingenix cannot send certain information to you via fax without your written permission—even if you call and request a fax.** We believe that faxed materials are a useful way to get information you need to help you better manage your relationship with Ingenix when it comes to your purchases, as well as product information relevant to your health care coding, billing and compliance needs.

In order to continue to receive faxes from Ingenix, you must complete and sign the enclosed Fax Consent Form and return it via fax or mail. Please fill out all of the information requested on this form, *including every fax number you may wish us to transmit to*, sign it and fax it back toll-free to **1.801.982.4037** to avoid any disruption in service from our organization.

Other Ingenix policies regarding our customer faxes will not change with this new **Fax Consent Form**. Ingenix respects your privacy. We do not sell or trade fax numbers. We maintain an in-house Do Not Fax list, so that any customer who requests it will not receive promotional faxes from Ingenix.

After January 1st, 2006, Ingenix cannot fax you the Consent Form even at your request. So please respond promptly. If you have any questions about this form, call our Customer Service department toll-free at **1.800.INGENIX (464-3649)**, option 1.

Sincerely,

Steve Greenberg
Senior Vice President
